Professional Summary

Software Developer with hands-on experience building full-stack web applications, backend services, and RESTful APIs. Skilled in JavaScript, React.js, Node.js, Express.js, MongoDB, PHP, Laravel, and MySQL. Experienced in authentication, CRUD operations, database management, API integration, debugging, and responsive application development.

Technical Skills

Languages	JavaScript, PHP, SQL, HTML5, CSS3
Frameworks	React.js, React Native, Node.js, Express.js, Laravel
Databases	MongoDB, Mongoose, MySQL, Database Design
Backend	RESTful APIs, JWT Authentication, CRUD, MVC, Socket.io
Integrations	API Integration, Stripe, Razorpay
Tools	Git, GitHub, Postman, Figma

Experience

Vibrant Coders 8-Month Internship

Software Developer Intern

- Developed web application features using Laravel/PHP, MVC architecture, CRUD operations, business logic, and RESTful APIs.
- Designed and managed MySQL databases using migrations, Eloquent ORM, table relationships, and query optimization.
- Implemented authentication, authorization, request validation, and secure API workflows for application data.
- Tested and debugged APIs using Postman, resolved backend and database issues, and collaborated with developers to deliver features.

Projects

Smart Diary *React Native, Node.js, Express.js, MongoDB, JWT*

- Built a digital diary with JWT authentication, protected CRUD APIs, private notes, media attachments, sketches, and categories.
- Developed calendar and Memory Heatmap features to track writing activity, streaks, and personal memories.

Expense Tracker *React.js, Node.js, Express.js, MongoDB, Recharts*

- Developed a financial management application with authentication and CRUD operations for expenses, income, budgets, and categories.
- Created protected REST APIs and interactive dashboards for budget tracking, savings calculations, and financial analytics.

Attendance Management System *Laravel, PHP, MySQL, REST APIs*

- Built an attendance management application with authentication, role-based access, and CRUD functionality.
- Designed MySQL relationships and RESTful APIs for attendance tracking, reporting, and data management.

Education

Master of Computer Application (MCA) *Lok Jagruti University, Ahmedabad*

Bachelor of Computer Application (BCA) *Lok Jagruti University, Ahmedabad*

Higher Secondary Education (HSC) *Gujarat Secondary and Higher Secondary Education Board*
